Welcome to the Sunburst Motels I and II located in Seaside Heights, New Jersey, specializing in family clientele at the Jersey Shore! Thank you for choosing our website! Before previewing our website or surfing through other lodging sites, please allow us to tell you about the Sunburst Motel. Built in 1984, we are a family owned and operated lodging establishment where as owners, we are on premises daily throughout the summer to assure our guests that their vacation will be an enjoyable one. During the summer season we cater exclusively to a "family clientele". We are located in the quieter northern end of Seaside Heights, away from the clubs which allow us to provide an enjoyable atmosphere for our guests. The Sunburst consists of 2 motels, which we refer to as Sunburst I and II, just a very short distance from one another on the same street and only one short block from the beach, boardwalk and amusements. We are proud of the fact that a very large percentage of our guests return year after year with many returning since our first season. It would be our pleasure to provide your lodging during your next visit to Seaside Heights. Sincerely
Robert & Joanne Heffernan
