

# The Water Garden & Koi Company

---

749 Route 9  
Bayville  
Ocean County, New Jersey 08721  
United States

Phone: 732-269-1188  
Fax: 732-269-3838

The Water Garden and Koi Company was originated in March of 1997. We started on a small rental property on Route 9 in Bayville, NJ. After only three short years our business grew to such great proportion, that it was necessary for us to purchase a new two acre property where we could expand our business to meet our customers needs. Although our retail business is only ten years old, our family has been involved in all aspects of landscaping for over twenty five years. We had always specialized in the creation of Garden Ponds, Koi Ponds, Waterfalls into Ponds & Swimming Pools, and Customized Landscapes. However, we recognized many years ago, the need and demand for a garden center that specialized in aquatic gardening and landscaping. Our many years of applied know-how afforded us the indispensable knowledge and expertise required to establish the now... WATER GARDEN & KOI COMPANY! We are still located in Bayville, NJ on Route 9, just five miles south of our original location, between Bay and Butler Blvd., Exit 77 on the New Jersey Garden State Parkway. From either Northbound or Southbound the GSP will bring you to Route 9. A simple left turn at the traffic light will bring you right to our door. Visit our location and dream of the endless possibilities. We can help you turn your aquatic landscaping dreams in to reality! Our competitive pricing and superior customer care has made us a one-stop center for your entire pond, fish and aquatic gardening needs. We carry a full line of Water Gardening Products, Koi domestic and imported, Pond Fish, Water Plants and much, much more, which is

always available in our spacious retail store! Stop by and stroll through our abundance of lush water gardens overflowing with ponds, waterfalls, bog gardens, streams and fountains. Our handcrafted displays range from simple designs, to the most elaborate of pond and aquatic landscaping arrangements. If you prefer to do-it-yourself, we will do our very best to help you achieve the pond of your dreams.

Whether you are a seasoned pond keeper or a beginner, our overall goal is to both educate and inspire you. We want you to get the most enjoyment out of your pond, fish and aquatic landscaping! Our Premier 14,000-gallon pond is home to our own abundance of Japanese Koi! Bring your entire family and hand feed all of our â€œfinned friendsâ€ located throughout our location. Besides our normal business hours of operation, we also have special tour appointments and special holiday season hours as well. So, please contact us in advance to verify that we will be open for your expected arrival. Thank you for visiting our website and we do hope to see you very soon at our establishment!
