We are fully operational and will be open at the end of April, in plenty of time for the opening of Jenkinsons and all the rides. Come enjoy Memorial Day weekend with us and see all that the Jersey shore has to offer. For years, people from all over the country have come to vacation at The Driftwood Motel down in New Jersey's famous shore area. Many people love the convenience and attractions that Point Pleasant Beach and the Driftwood Motel has to offer. Families with children visit the Point Pleasant Board Walk where everyone can enjoy all of the attractions, rides, entertainment, dining, Tiki bar, aquarium, games, and much more, all within walking distance. The Driftwood Motel is located directly on the beach, on Ocean Avenue, the street that runs parallel to the beach in an upscale residential neighborhood within walking or short distances to most restaurants and attractions. Most guests prefer the convenience of our private beach with its spectacular, clean sand and clear blue-green water, and is staffed with a lifeguard 7 days a week. Guests also love our private heated pool and patio area. Guests enjoy delicious food made-to-order and refreshing drinks available each day at our poolside snack bar for your convenience. We also offer off-site dining at our restaurant just a short drive away. Please visit The Coal House at 710 Arnold Avenue, in Point Pleasant Beach. There is a private courtyard within the motel complex where you can just relax or chat with other guests. In the evenings many guests find themselves relaxing on the patio, having a cocktail or just watching the surf roll in and the stars glisten in the beautiful night sky. The Driftwood Motel is a family owned and operated business. Children under 12 years old are ~~play~~ FREE

at the Driftwood Motel. And here's a little history; it's named after a ship (the Driftwood) that wrecked off the coast directly in front of where the motel is

situated.ACCOMODATIONS:
