Phone: 609-402-6281

Personal Chef David's Culinary Delights of the Jersey Shore offers professionally prepared meals for you. As your Personal Chef I will customize menus according to your specifications. Dietary and allergy requirements are met to the strictest guidelines, yours! All the grocery shopping is done by me to ensure the freshest and best product available. I hand pick the vegetables, meats or seafood. First we set up a FREE in-home consultation. This is where we meet and the personalizing starts. I find out about your culinary desires; your likes, dislikes, Allergy and or Dietary restrictions, if any. From this, as your Personal Chef I will research, plan and develop a customized personal menu. Upon your approval of the menu, we can then set a cook date. On that day, I will do all the grocery shopping to ensure the freshest and highest quality ingredients. When I arrive at your home, I will have the freshest ingredients and all the necessary equipment needed to prepare your food for your great culinary experience. All of your meals will be packaged in microwavable, ovenable containers and stored in your refrigerator. Your kitchen will be left clean, your fridge filled with delicious food, and your home filled with the aroma of fresh home cooking! In addition to weekly meals, David's Culinary Delights also provides Private Parties to their clients. The process works in the same manner.
